

Bob.

The one million envelopes (600,000  $9\frac{1}{2}$ " x 12", and 400,000 10" x 16") would meet our yearly needs for these sizes. The cost would be about \$5,000 more than what we are presently paying out for regular envelopes. If the new envelopes are used repeatedly, we'll come out in the black. I think
